

Thank you for your Donation! Towards the recycling for children campaign

In the wake of emergencies, children urgently require food, clean water, medicine and shelter. They also need life-saving protection from violence, exploitation and abuse. This document has been issued on behalf of Redeem Nordics to certify that **Telekonsult Syd AB** has recycled equipment with, providing lifesaving protection for children affected in emergencies through the 'Recycle for Children' partnership with Unicef.

Date: 09 Dec 2015

Company Name – Telekonsult Syd AB

Exempel på vad ni kan ha bidragit med:

2700 Polio/Tetanus Vaccinations

Thank you!

All funds raised through emc europe (our sister company) and Unicef's Recycle for Children partnership support Unicef's Regular Resources, which means Unicef has the flexibility to reach the most disadvantaged children in greatest need, quickly and effectively. Whether that's helping children affected by a natural disaster, implementing immunisation campaigns or making sure children have the chance to go to school, your support will make a big difference.
